

Is the World Close to Armageddon?

Asher Intrater, director of Revive Israel Ministries and pastor of Ahavat Yeshua Congregation in Jerusalem, has authored several books about Israel and its role in history.

Intrater was raised in a conservative Jewish home in the United States, but came to faith in Yeshua (Jesus) by what he describes as a series of supernatural experiences in the late 1970s.

Asher has helped write several books, including *From Iraq to Armageddon*, which offers an in-depth analysis of end-time prophecy concerning the Middle East, whether there's a deeper reason for the war in Iraq, and how close the world may be to the battle of Armageddon.

Intrater spoke with CBN News in depth about what's really happening in the Middle East from a biblical perspective.
