

# Kathryn Krick: Nationwide Revival Sweeps Across America

The fire of revival is spreading across America as Kathryn Krick launches out on her latest book tour for her new book, Ignite Revival.

In a powerful YouTube post, Krick shared images from her stop in Louisville, Kentucky, where joy and transformed hearts were evident at the signing. In the post, she shared:

*It was such a joy to sign your books in Louisville! It was an even greater joy to see God move and touch hearts so powerfully. Today the book signing overflowed to the parking lot! Glory to God!*

*Thank you God for all that you did in Louisville, Kentucky. I'll never forget this trip!*

She also announced the other locations and dates she would be on tour.

*May 12 – Houston, Texas*

*May 13 – Chicago, Illinois*

*At select locations, I'll also be hosting special talks—sharing my heart behind Ignite Revival and taking time to answer your questions. For those book signings that are before the release date of the book (May 12) books will be available early at the store. Books are available for purchase at each store.*

*I will also be ministering at an event in NYC, where God will do many miracles and I will share how you can be equipped to carry this revival wherever you go!*

Revival is not simply about emotional moments or crowded events, but about repentance, healing, deliverance and lives fully surrendered to Jesus Christ. Krick's message is resonating with people who are desperate to see God move beyond church walls and into cities, families and communities across America.

In a culture filled with fear, confusion and division, believers are increasingly crying out for the fire of revival to spread once again across the land.
