

Michael Snyder: Many Americans Will Die Waiting on a Pre-Tribulation Rapture

What do the Great Tribulation and gun sales have in common?

The Economic Collapse Blog's Michael Snyder says he believes he has the answer.

"People are concerned about what's happening," Snyder says of recent mass shootings in the United States and terrorist attacks across the world. "They're preparing. I know my wife and I are preparing more than ever before."

Though the mainstream media blasts out positive headlines or ideas that could potentially fix many of America's problems, Snyder says he believes most Americans are aware the headlines are not reality.

"I think people, in the pit of their stomachs, most Americans know what's coming," Snyder says.

What's coming could be the birth pains Jesus prophesied in Matthew 24 and the beginning of the Great Tribulation.
