## 5 of the Greatest Prophetic Words of 2024

With 2024 drawing to a close, we've seen all kinds of prophetic words come to pass. Below are five of the best prophetic words we've seen fulfilled in 2024.

### 1. Decade-Old Prophecy Warns of a Coming 'Strange July' and 'Hypnotic November'

This prophecy from 2014 came to fulfillment a decade after it was first prophesied over by the late Kim Clement. In the prophecy, Clement discusses impending hardship and unusual circumstances in the summer, something we saw happen with the July assassination attempt on Donald Trump. He also prophesied that November would be hypnotic and that the world would see who God's chosen man was to lead America. This too came to pass when Trump was elected for a second term.

### Prophetic Fulfillment? Chris Reed's Vision, Jimmy Carter's Death and the End of Biden's Era

On Jan. 21, 2023, during an appearance on "The Lance Wallnau Show," Chris Reed of Chris Reed Ministries unveiled a prophetic word that he had not shared publicly until that moment. Now, with the recent passing of former President Jimmy Carter and plans for his state funeral on Jan. 9, 2024, Reed's vision has sparked renewed interest among believers seeking to

understand its implications.

Reed began his revelation by stating, “I’ve shared this with my team. This is the first time I’ve shared this publicly, so this is a new prophecy. I shared this with Rick [Joyner], I shared this with others.” According to Reed, the vision came to him in a supernatural encounter with the Lord in the second week of January 2023.

“I was taken into the Capitol rotunda in Washington, D.C.,” he recounted, emphasizing that this was not a physical experience but a “transvision.” The rotunda, famously a place where prominent political figures lie in state after their deaths, became the setting for a significant scene.

The concept of “manifestation” is everywhere, from social media influencers to everyday conversations. Declared Cambridge Dictionary’s 2024 Word of the Year, its cultural relevance cannot be ignored. But beneath its trendiness lies a deeper question: What does manifestation truly mean? And more importantly, is it a practice aligned with light or darkness?

In a recent Charisma Media video, three prominent voices in Christian ministry—Joseph Z, Alan DiDio and Pastor Brian Gibson—unpacked the spiritual implications of manifestation. Their insights reveal a stark divide between practices rooted in biblical truth and those veering into New Age or even demonic realms.
