Who Is the Demon Lilith, and Why Is It So Popular Today?

In a recent video teaching on YouTube, Pastor Vlad Savchuk of HungryGen ministries addresses an entity that has a growing influence in American society: the spiritual entity known as Lilith.

This demon has been known to humanity for thousands of years, going as far back as ancient Mesopotamia some 5,000 years ago, but in more recent times there has been an explosion of imagery dedicated in her honor.

From Amazon's animated show Hazbin Hotel which paints Lilith as a sympathetic figure who was abused by Adam, to the video game developer Activision-Blizzard who based their game Diablo IV on the demon Lilith who was brought back into their world through blood magic, Lilith is a figure many youth are being inundated with today from multiple avenues of media.

Is the Son of Perdition Now Being Revealed?

"Let no one deceive you by any means; for *that Day will not come* unless the falling away comes first, and the man of sin is revealed, the son of perdition, who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God" (2 Thess. 2:3-4, NKJV).

When the Antichrist or the "son of perdition" is revealed, there will first be a worldwide falling away from God. We have seen this increasing even now among those who call themselves Christian. For billions of people to welcome this leader and believe his lies will require a massive change in the world's attitude toward God, the Bible, Christians and the Jewish people.

On Oct. 7, 2023, we witnessed a spirit of hatred and antisemitism that we have not seen since Hitler and the Nazis during World War II. Thousands of Christians are being murdered all over the world and for the most part, the news media is silent about it. Once an anti-God mentality dominates society, the world will be prepared to receive the Antichrist. Paul says the man of sin or son of perdition will then be revealed.
