Kathryn Krick: Stunning Testimony of Ministry Explosion

Kathryn Krick revealed her stunning testimony of how her ministry exploded into something much bigger and greater than she ever expected.

In an exclusive interview with Charisma Media, Krick shared how after experiencing the glory and power of God in her mid-twenties, the plans she had for her life were radically altered. Committing her life to God, Kathryn received a prophetic word that she was supposed to become an apostle of Jesus Christ. It was prophesied that through her, God would perform many mighty miracles throughout the nations.

Taking this prophecy and the belief that "revival is now," Kathryn eventually embarked on starting Five-Fold Church. However, instead of the church rapidly growing, things started going backwards. On New Year's Eve of 2020, Krick put together a compilation video of God moving through her tiny church and posted it on TikTok. The response led to an explosion of miracles and healings.

Germany Ignores Horror of Exploiting Children

In an indefensible, morally reprehensible ruling, Germany has drastically reduced the legal consequences of child pornography. There is no universe in which such a ruling can be justified. The very thought of it is horrible.

As reported on Reduux, "Germany's Parliament (*Bundestag*) has received the votes necessary to remove a section of the Criminal Code which made the possession of child sexual abuse materials a felony crime. Once the bill, passed last Thursday, comes into effect, minimum sentences for the possession of child pornography will be reduced, and the offense will be downgraded to a misdemeanor."

To be specific, "the bill stipulates that 'possession and acquisition should be punishable with a minimum penalty of three months' imprisonment, and distribution with a minimum penalty of six months' imprisonment, and distribution with a minimum penalty of six months' imprisonment. The offenses regulated in Section 184b of the Criminal Code are therefore classified as misdemeanors and not as crimes.'"

Pope Faces Heresy Allegations After '60 Minutes' Interview

Pope Francis certainly ruffled the feathers of many, especially those in the Protestant sphere of faith, in his interview with CBS news magazine "60 Minutes," making some rather suspect comments about the goodness of humanity.

The quotes implied that humanity in itself is good, leading many to ask him on social media why then did Jesus have to die on the cross?

"We are all fundamentally good. Yes, there are some rogues and sinners, but the heart itself is good," says Pope Francis.
