

Prophecy About ‘Shocking China Information Bombshell’ Sees Partial Fulfillment

As intercessors around the world keep crying out to God for exposure of China’s information bombshell, the secular news media is beginning to reveal leaked reports that confirm what many knew in their spirits. The COVID-19 coverup has been exposed.

The question is, what remains below the tip of the iceberg? Let’s start with what we do know.

On April 23, the Holy Spirit showed me China is hiding information that needs to be released in the next 30 days—information that could impact the next 30 years. The Holy Spirit described this as “shocking information.”

Prayer warriors from the nations continue contacting me with their dreams and visions about what is going on. Some of these prophetic revelations are startling and should urge us to keep praying. Intercession has made a breach in the informational dam.

Dossier Reveals Depths of China’s COVID-19 Coverup

According to a Fox News article, the dossier touches on themes that have been discussed in media reports about the outbreak of the virus, including an initial denial by China that the virus could be transmitted between humans, the silencing or “disappearing” of doctors who tried to speak up, the destruction of evidence in laboratories and refusal to provide live samples to international scientists working on a vaccine.

Specifically, Fox reports, the file notes that China began censoring news of the virus on search engines and social media

beginning Dec. 31, deleting terms including “SARS variation,” “Wuhan Seafood market” and “Wuhan Unknown Pneumonia.”

The Hidden Bombshell Is Still Hidden

The dossier goes on and on with shocking information as to how deep the coverup ran. But it didn't go deep enough. I'm encouraged that the intercession is breaking open the secret vaults, but we can't stop praying now. This is the tip of the prophetic iceberg. There's much more undercover.

Prophetically speaking, as we pray, more information leaks will begin to show a ripple effect that's uglier than many imagined. Many people have been shouting about a global coverup. That is without question. I believe it's the perversion in the underbelly of the coverup that will bring shock and awe as much as the information itself.
