

Prophecy: Donald Trump, Joe Biden and China

In a recent video, Tomi Arayomi gave a prophetic word on what the Lord has shown him regarding Donald Trump, Joe Biden and the future of China.

Back on Jan. 30, 2020, Arayomi had a vision where the Lord took him by the spirit to Delaware. At the time, he had not moved to America and had never been to Delaware, nor did Arayomi even know where that was. Little did he know that this was the home of Joe Biden.

“I saw the hand of God upon its schooling systems, upon its government sectors, and then I saw the hand of God moving forward to open up books and accounts that were sealed,” Arayomi prophesied back in 2020.
