

Prophetic Update: Why the Red Heifer Ceremony Could Happen Soon

Pastor Greg Locke is on the ground in Israel at the Western Wall in Jerusalem, reporting firsthand to Charisma Media about the upcoming red heifer ceremony—a significant prophetic event believed to be a step toward the construction of the Third Temple.

Despite differing opinions on its significance, the ceremony is moving forward, carrying deep implications for biblical prophecy.

“With Trump being in office he’s accentuating what’s happening in a good way because prophetically, he’s coming in, taking over Gaza, the relocation of the Gazans, and now God’s calling more of the Jewish people back from around the world,” Locke says.
