

Prophetic Vision: As Antichrist Spirit Rises Now, Churches Will Experience Radical Awakening

Thomas Horn believes that, without question, the church has fallen asleep because most of it isn't convinced the Second Coming of Christ is imminent.

And Horn, a longtime television and radio personality, CEO of SkyWatchTV and author of the book *The Wormwood Prophecy*, says that is tragic because Revelation 8 prophecy is happening before our very eyes.

"Prophecy is definitely alive," Horn told Dr. Steve Greene on a recent episode of "Greenelines" on the Charisma Podcast Network. "It's unfolding faster than most of us old preachers could have even imagined 25 years ago."

"From Matthew 24:21, everything that is described is happening on earth right now. Whether it be the spirit of antichrist that is rising up or the Deep State, the hostility toward Israel, earthquakes, natural disasters, everything described by Jesus in Matthew 24 we can see it on parade every single day on TV."

"But history has proven that when the church does not believe the Second Coming of Christ is imminent, they fall asleep. But a sense of urgency is coming. What I saw in a vision was that all over the world, people will fall on their knees, begging God. Churches will fill to overcapacity. What is going to happen will put the nations of the world on their face before God. It's going to lead to a great awakening and people begging God to deliver them from what is coming. Lift your heads and look up, for redemption draws nigh."
