

R.W. Schambach's Daughter Explains How You Can Move in the Miraculous

Very few Christians these days are experiencing miracles as the first believers did nearly 2,000 years ago. That always bothered evangelist and healing minister R.W. Schambach, who passed on to glory in heaven in 2012.

Donna Schambach, R.W.'s daughter, is carrying on his ministry legacy and reminding Christ followers know they can have the same power Jesus carried in his time on Earth.

"My dad believed in the name of Jesus. It was his calling card to the miraculous," Donna said on a recent episode of Sid Roth's *It's Supernatural*. "When we have the Holy Spirit within us, we can do the same things Jesus did. So many people are wondering how they can have that operation in their lives. There's only one way: There is power in the name."

Watch this short video of the conversation between Roth and Donna Schambach and find out how you can have the healing power of Jesus. {[eo](#)}
