

Security Cameras Capture Footage of an Angel With a Sword

A Michigan man says his security cameras picked up footage of an angel with a sword recently.

“I said, ‘That’s an angel!’ And I was just blown away, I couldn’t wait to send it to my wife and send it to [Pastor] Deneille [Moes]. And I said, ‘I got an angel, and my camera took a picture of an angel,’” Glen Thorman tells WNDU.
