

The Beauty of God's Creation

The beauty of God's creation shows order and design so complex that it could never have been formed by a chance explosion 14 billion years ago. As we study the sciences and learn more about creation, we begin to understand how little we really know.

A look at mankind himself reveals amazing design and we read in Psalms that we are fearfully and wonderfully made. The book of Isaiah tells us that Earth was specially formed to be inhabited. It was created with purpose and is full of wonders without number.

It is only through our sin that destruction, death and disease has crept into the world but even this was made provision for ... God sent His only Son, the Creator of the Universe, to pay the penalty for our sins and offer eternal life in a new heavens and a perfect new earth.

With this promise to look forward to, we have nothing to fear. If you don't know Jesus Christ as your Savior, it only takes a sincere heart and a simple prayer. It will change your life forever and offer you peace that passes all understanding.

I'm David Rives...

Truly, The Heavens Declare the Glory of God. {eo}

*The Creator left a pattern of His fingerprints across each corner of the universe, a pattern that **David Rives** has devoted his life to researching, revealing and sharing ... while declaring the glory of God. The president of David Rives Ministries, his weekly TV show "CREATION with David Rives" airs to millions globally on TBN. Author of the book "21 Verses Backed By Science," his work has been featured on the History Channel, DirecTV, NRB, TBN, CBN, METV and heard daily on Christian radio. Having gained millions of views on social*

platforms, his Facebook, TikTok and YouTube pages continue to grow as Rives captures the attention of Christians and skeptics of all ages. Rives leads annual dinosaur field trips, photo safaris to Africa, expeditions into the Grand Canyon and shares the gospel to millions along the way. He may be reached at booking@.
