

The Lord Says It's Time for You to Step Into Your Purpose

In my prayer time this morning, the Lord dictated this message for me to post and for you to judge:

“What I am about to do in this nation, this great nation of America which I love, will cause heads to spin and there will be no denying it was My hand, the very hand of God. Continue to pray and seek Me as you have, and I will show you your part as you put one foot in front of the other. I am calling forth many women in this hour, and these women, who have been the strength of faith for their families, will cause the men to become jealous and take their rightful place as the leaders and protectors of their families.

Warrior spirits are rising up in My men even now. As they see the destruction of the enemy on all the mountains of society, they are growing in righteous anger, knowing the hard work of men and women for decades is being destroyed. This impacts their God-given purpose to provide for and protect their families. Many men have been seduced by the enemy of God to take a back seat—to abdicate their roles, but no longer.

Even now with all that is occurring and the enemy's effort to cause division according to the color of skin, men are stepping into their rightful place of dignity, honor and purpose to provide for and protect their families. Where there has been the greatest disparity in this position and purpose of men, you will see the greatest come back. The aspects of culture that have suffered fatherlessness are being powerfully restored as I cause people to see the evil that has been perpetrated against them.”

This episode of *Faith to Live By* on the Charisma Podcast Network will encourage you to step into your God-given purpose

and engage in battle against the one who seeks to destroy it.
