Jonathan Cahn Unveils the Ancient Mystery Behind 'Barbie'

In one of his latest videos, Jonathan Cahn unveiled the ancient mystery behind the "Barbie" movie as it skyrockets to the top of box office charts. In a world where entertainment and pop culture play a pivotal role in shaping societal norms and values, the release of this seemingly innocent movie has had far greater spiritual implications than anyone might have thought.

"The fact that Hollywood could take that doll and turn it into an attack on half of the human race, on marriage, on life itself is a sign of just how sickened our culture has become," Cahn said.

Cahn points out that the movie is blatant in its attack against marriage, and particularly on men. He suggests that there is an even darker mystery behind Barbie's cheerful façade.

Benny Hinn's Dream: 'The Coming of the Lord Is Upon Us'

Spiritual dreams, Benny Hinn says, don't happen very often in life. But when they do, he warns believers to pay very close attention to them.

In a video released Aug. 16 on YouTube, the renowned evangelist, teacher and author says he recently had “an amazing prophetic dream” in which he had a profound encounter with the Lord Jesus Christ, and the dream has convinced him that we are “very, very close” to the coming of the Lord.

According to Hinn, the last time he had a prophetic dream was in the 1970s, when he saw himself swimming in a turbulent ocean, and the Lord lifted him out of the waters and put him into a boat. He says he had just gotten saved when he had that dream.

Can Artificial Intelligence Show Us What Jesus Really Looked Like?

Dutch artist Bas Uterwijk brought a new element into the age-old argument of what our Savior, Jesus Christ, really looked like while He was here on earth.

Not surprisingly, it stems from recent technology that much of the world seems to have embraced with open arms—artificial intelligence. By reconstructing Jesus’ visage through a synthesis of artistic renditions, Uterwijk’s work offers an interesting lens into history, attempting to bridge the gap between the past and the present.

For centuries, artists have sought to capture the essence of Jesus through their own interpretations. And much like different interpretations of the Bible, those artists have contributed to the diversity of depictions we have seen in today’s culture.

How Greg and Tai Locke Found Healing and Deliverance Through the Holy Spirit

In the midst of life’s challenges, unexpected moments can spark profound transformations. For Greg and Tai Locke, the

Holy Spirit led them on a journey of pain and faith to transform their lives and birthed an unprecedented deliverance ministry.

Greg and Tai's first step toward deliverance ministry happened within their own marriage. Tai was in the middle of devoting her time to her ailing mother, and with each and every day her own struggle with excruciating back pain grew more fervent.

"When I started caring for my mother toward the end of her life, that pain became excruciating," Locke said. "I would sleep on our hardwood floors because it was the only way that I could get pain relief."

Modern-Day Gideons Arise: Christians Challenged to Tear Down Modern Idols

The ancient battle of spiritual forces rages on, and today, as in the days of Gideon, the name of the Lord is invoked to rally the hearts of His people.

America, a country once consecrated to God, now finds itself entangled with idols, embracing what was once denounced, a reality reminiscent of the times when Baal's altars were venerated in Israel. However, within this storm, the Lord calls His warriors to stand firm, to be the ones who cut down the idols and challenge the very gods that hold sway.

In the book of Judges, Gideon's story unfolds as a beacon of inspiration for modern believers (Judg. 6). The name "Gideon" itself means "the one who cuts down," a poignant symbol for the spiritual warfare Christians must engage in today. Just as Gideon boldly tore down Baal's altar, so too must today's followers of Christ confront the idols and false gods that have seeped into the culture of America.
