

Troy Black on Donald Trump: The Lord is Still Using Him

Many people have varying opinions on Donald Trump and his politics. But is there something that God is saying about how He wants to use the former president in today's current world?

Prophetic voice Troy Black shared with Charisma Media founder and CEO Stephen Strang on the Strang Report podcast what he believes the Lord is speaking about Trump at this current time.

"One of the main things that I've heard about Donald Trump specifically is the Lord saying, 'I'm still using him,'" Black says.

Black points out that many people assume God can't or wouldn't use someone like Trump. However, Black notes that the Lord used all kinds of different people throughout Scripture despite their flaws.

"He's used like King Cyrus, Balaam, I mean Balaam in my opinion was a false prophet...yet God used him to bless Israel instead of cursing Israel," Black says.

While many in the prophetic community will jump on a bandwagon to say that Trump either will or will not be re-elected president, Black does not take a stance one way or the other.

"Does that mean he's going to win this year, specifically? To be honest, I don't know," Black says. "Based on what I've heard from the Lord I believe he's going to be, but the Lord hasn't clearly and specifically stated that he's going to be

re-elected.”

Just as Black says he hasn’t received a direct answer from the Lord about the election, he also warns other Christians to be very careful about other prophetic voices saying that God has given them the direct answer about the 2024 election.

“I would warn every believer this year...there are going to be more and more prophecies about Donald Trump coming out this year still to come from many different voices across the spectrum. And my warning in love would be [to] be careful with connecting dots that the Lord is not connecting,” Black advises.

With this advisory, Black also shared a warning that the Lord gave him about people looking to Trump as a type of hero instead of looking to Christ as their Savior.

“I heard the Lord say, ‘My people are looking for a hero, but the hero is Christ,’” Black prophesies. “Until you settle into that answer, nothing else is ever going to fully fall into place.”

As we approach election season, this warning is worth heeding. Having an upright, prosperous government and nation is crucial for our daily lives, however, our full eternal satisfaction will only ever come Christ alone.
