

WATCH: What's the Meaning of Creflo Dollar's Prophetic Dream About Myles Munroe?

When televangelist Creflo Dollar stood to eulogize Myles Munroe, he revealed a prophetic dream that came mere days after Munroe's death.

"Three days after the incident, I had a dream," Dollar says. "And Dr. Myles was in the dream."

In the dream, Dollar says, they were in the Bahamas with other ministers for the leadership conference. Munroe was directing the ministers where to go and what to do.

"I'm going to show you how this ought to be done," Munroe tells Dollar in the dream.
