

A Prophecy Concerning Afghanistan and the Captivity of Americans

During the week of August 15, 2021, God spoke to me several times concerning Afghanistan:

Listen! The leadership of the United States, Russia and China are aligned with the Taliban against the West, as the profit from natural resources is their goal. China will be the chief benefactor from the plunder of the Afghans. The chieftains of the Taliban will be handsomely paid by China for the plunder; their bank accounts filled with more than they will know how to spend. The Taliban will be funded by China and has been armed already with highly advanced military might by the United States to terrorize the world. Leaders of China and the United States have a strong alliance, while Russia is assisting and watching. The region will be plundered for gas, oil and minerals. The minerals especially will enrich China, as its leaders subtly increase their presence at the Taliban's invitation.

Be not deceived by the United States as if its leaders want to help innocent Afghans by bringing them to its shores. They are positioning Taliban terrorists within its borders to reign terror on My American people. Watch and see! You will indeed see terror that you did not think possible. Leadership of the United States will cause a multitude of Americans to be left behind in Afghanistan as a display of contempt for the United States and for Me. Citizens of other nations will be left behind as well.

Terror will reign in the hearts and lives of Americans left behind in Afghanistan, who have fled their dwellings to save their lives. They are in hiding from the Taliban, but many

will be captured and killed. Many will turn to Me, for they have been abandoned by those they trusted to save them. They are lost forever from their homeland, the United States, and terror will drive many to Me. Many will suffer terribly, and many will be killed for My name's sake. They have been forsaken, but many will find refuge in Me before they are killed for the sake of My name. I have not forsaken them, nor will I leave them.

Turn to Me and equip yourselves for the uncertainties that lies ahead; for you do not know what the future holds. But I know. Yes, turn to Me and I will carry you through uncertain times that lie ahead.{eoa}
