

A Prophetic Word and Assignment for Seniors and Retirees

On one of my *Mornings with the Holy Spirit* prayer calls, the Lord gave me a profound prophetic word:

I am raising you up in this hour to stand in companies and even to stand on the walls, for I have things I want you to see in the spirit. And, I even want you to watch. I want you to look and I want you to see.

I want you to sound the alarm. I want you to gather intercessors round and about you who are serious about My business in this hour. For you have earned My trust by way of your walk. And you have earned My trust by the way of your prayer. You have earned My trust by the way of your selflessness and your willingness to pour out.

Rise up and gather. I'm pouring out a gathering anointing upon you, to even see your city changed through prayer, to even see your families, and churches and those round about you, who have struggled, changed.

I'm giving some of you unique ministries. Some of you will go into the prisons and the jails. Some of you will go into the hospitals and the nursing homes. Some of you will go into orphanages and other places where they teach children who have disabilities.

I am putting feet to your prayers, so I'm asking you to pray but I'm asking you to move. I'm asking you to shift and I'm asking you to think outside the box. For I will band you together and you will be a powerhouse force in My spirit.

It's not about gathering all those who are your same age. No.

Gather different age groups, gather young and old because you have something to deposit. I want you to make a deposit. I want you to make a deposit that will bear much interest in the next generation. I want you to teach them how to watch and how to pray.

The Lord keeps showing me people of stature, people of greater eldership in the spirit standing on the wall and watching, watching, watching, watching. The Lord is going to give you certain ministries to watch over. There are seers among you who are going to rise up as seer guards over ministries. And, those ministries may or may not ever know that you've been stationed there, but you're going to be faithful.
