

Alvin Slaughter: You Can 'Reinvent Your Life'

As a gospel music artist who travels widely, Alvin Slaughter has discovered that discouragement permeates the body of Christ. He too has struggled with fear, depression, financial failure, marital problems and other sources of discouragement.

Today, however, he is walking in victory, as he describes in his book, *Reinvent Your Life* (Charisma House). Slaughter writes about his own experiences as a way to encourage readers that they too can overcome whatever difficult situation they're going through.
