

Andrew Wommack: Why It's Important to Recapture Childlike Hope

Andrew Wommack says too many people have lost the faith and hope they had as children—but they shouldn't. He says, "If God ever had a purpose for your life, He still has a purpose for your life." Wommack's remarks came during a sermon at the 2018 Men's Advance conference. The 2019 event, featuring Wommack, James Brown and Tony Dungy, will be held March 14-16 in Woodland Park, Colorado.
