

Cindy Jacobs: The Lord Says to Stop Sleeping and Start Speaking to Your Mountain!

And the Lord would say, "There are many that have not been releasing My words over your situations. You are complaining, you are fretting, you're not sleeping, but I would say to you, if you would take My Word and begin to speak what My Word says, you will find that the impossible becomes possible. You will see those things that are troubling you begin to go from the troubling list to the miracle list."

"For I would say to you, I have plans for you. I have plans to bless you. I have plans to prosper you, so do not think that these mountains in front of you are greater than My ability to move miraculously for you, but I," the Lord says, "I cannot move miraculously to the level I want to, because you are not cooperating with me. Give me some faith to work with. Speak faith out of your mouth. Say, 'This situation, this mountain, will be removed.' Haven't I said in My Word, 'If you say to this mountain, 'Be removed and be cast into the sea,' it will be so?"

"But I would say that many of you are spending time complaining, worrying, being troubled, rather than taking the sword of the Lord, My Word. For I love My Word," says the Lord, "And I love it when you speak it to Me, because when you speak My Word to Me, then I can bring from the supernatural realm into your current events that which needs to happen. I am longing to do that," says the Lord. "I want to do that. I am ready to perform my words," says the Lord. Amen.

I think we will just do that right now. Father, even I, Lord, if there have been ways that I complained and not read your Word or decreed your Word, I'm so sorry, Lord. So I just thank

you, Father, that you are ready to perform your Word. You're just waiting to perform your Word and I thank you for that, Father. In Jesus' name. Amen. {eoa}

Cindy Jacobs is an author, speaker and teacher with a heart for discipling nations in the areas of prayer and prophetic gifts. She and Mike—her husband of 43 years—co-founded Generals International in 1985.
