

Danger Is Fast Approaching, Yet Too Many Are Still Yawning

Wake up, America! Wake up, church! I've never witnessed so many cowards, frauds and wimps in Christianity as I do today. So many are afraid to rock the boat, make waves, take a strong stand or speak up. So many are only concerned about their reputation, their own territory or house, their popularity, their followers or church members.

Yet there are others who still think this is a game. I've written strong articles the last few months to warn people on the state of the nation and the church, and the approaching danger, but so many are either slow to believe it or too cowardly to share it or speak up themselves. Other solid, stable ministerial men of stature and influential voices are doing the same, while many yawn, slumber and even snore. Wake up!

Another Strong Warning

Consider this strong warning from Dr. Don Lynch:

"The media and Democrats in America are a cabal united to destroy our Constitutional republic. They are a clear and present danger to the Constitution and law and order.

"Look for a report from anyone on the Jeff Epstein case that gives you even basic facts, fully available, about Democrats receiving money, riding on jets, visiting private islands and showing up for arranged parties with children procured for sexual activities with these Democratic adults.

"You will find a report on Republicans instead. Any obscure point of contact between a Republican and Epstein will be

reported with no facts but will include “friends” or “went easy on him” references that are nothing short of propaganda, deception and misleading for the purpose of destroying Donald Trump and anyone in the party of opposition.

“At the same time, the blockbuster information on present and previous Democrat leaders is missing from the discussion. It is as if Bill Clinton did not ride on the jets, visit the private island or participate in the parties. It is as if the money given to Democrat leaders were not given at all. Some of the Democrats who received the money say they will not return it, but this is not reported as a smoking gun. No! Only when a Republican can be found to have any involvement does the searchlight come on and innuendos begin to flow.

“We now face a national conspiracy against our Constitutional republic as severe as the conditions that caused a civil war. Those who fought and died to complete the presuppositions of the Declaration of Independence and the Constitution’s desire to define citizenry stood tall against slavery. They were willing even to combat the state’s rights issue to secure liberty for all.

“We are now in the same scenario of state’s rights with several Democrat-dominated states attempting to remove the Electoral College, so only California and New York control the entire election processes of this nation.

“We are now in an open conspiracy against truth, justice and freedom with the media and the Democratic Party.

“We are now faced with presidential candidates who espouse evil, open borders, globalism, free health care for non-citizens, lawlessness, abetting the enemies of this nation and a long list of socialistic notions so anti-Constitutional that our nation would no longer be America if adopted.

“We do not have a good Republican Party. What we have is a party that can stop Democrats from destroying America.

“Any citizen agreeing with the media conspiracy, supporting the dissemination of deception, voting for or celebrating any of the Democrat candidates or any Democrat at any level, is contributing to the destruction of this nation.

“Any believer who agrees with the enemies of this nation’s covenant purposes is fighting against Jesus, who opposes globalism, open borders, sexual perversion, abortion and efforts to weaken America.

“Jesus holds America in place to stop anti-Christ conspiracies as old as Eden. On the world scale, He developed this nation, called this nation and empowered this nation to produce the greatest expansion of human liberty in the history of the world.

“Any believer aiding and abetting those opposing His purposes is lining up to fight with Jesus.” {eo}
