

{ Day 18 }

Can you fathom the mysteries of God? Can you probe the limits of the Almighty? They are higher than the heavens—what can you do? They are deeper than the depths of the grave—what can you know? Their measure is longer than the earth and wider than the sea. —Job 11:7-9

Our world is affected tragically every day by people who possess little or no sense of God's transcendence. Much of creation does not know—or care—that its Creator is unequaled, unrivaled, and supreme. Transcendence when in reference to God means that He exists not only in but also beyond our realm of reality. In other words, He's not like us—far from it. God is exalted far above His created universe, so far that even the brightest human minds cannot begin to fathom it.

{ PRAYER STARTER }

Father, today I just want to stop to recite again everything that I know You are and everything that I know You are doing in my life. I'll never be able to fully understand who You are, Father, but I want to know more and more about You every day of my life.

**My inner man is continually in the process of being
renewed into a fuller, more complete knowledge
of God and His glorious personality.**
