

Don't Fall Into This Trap of Good vs. Evil

In our world today, many people have no absolute standard for truth. They are so blinded by the information coming through social media, the news and unreliable sources they don't even discern evil from good.

Jesus says evil comes from a person's heart—not from our country's systems and ideals.

Change that is godly and good is only possible when people turn from sin to Jesus Christ.

Do we seek the Holy Spirit in all things before we endorse any person or idea? Do we use the Bible as our standard for seeking God's heart on the matter?

We need to study and know God's Word more than ever to recognize truth from lies and good from evil.
