

Ex-Witch Exposes the Mind-Control Programming Surrounding the Easter Season

Ex-witch Beth Eckert recently conducted a study on the Easter season, and what she discovered really forced her to grapple with the truth about the Easter season.

Yes, resurrection Sunday is a time to rejoice in our Savior breaking the confines of death.

And while Satan lost his power that day, he's still out to try to twist the meaning to whomever is willing to listen.

Watch out for these signs Eckert mentions in her video.
