

Frank Amedia Prophecies: You're Going to See a Lot of Chaos in the Country This Week

In a sermon dated Sept. 23, Pastor Frank Amedia prophesied about the chaos of this week.

"It's very hard for us as believing Christians with hearts and compassion who wish no ill on anybody and always care for the person that's in distress or having a problem. It's hard for us to sort things out in times like this. That's what the enemy does. He'll try to confuse us. But the Word of God makes things very clear to us," Amedia said while preaching.

One such thing is abortion—taking the life of an unborn child. And that is why Amedia is sounding the alarm.
