

Don't Just Take It, Take It Back

We are co-heirs with Jesus to the kingdom of God. However, we have an enemy who so envies our position that he will stop at nothing to rob us of every present and future joy and blessing. We need only “fight the good fight of faith,” remembering that ultimately the victory belongs to God and to us.

Heart Issue

We can see those we love set free because we have power and authority in the name of Jesus. But we must persist, stand our ground and refuse to be intimidated.

Prayer

Father, keep us from the weariness that can accompany the battles we face. We will stand in the gap for those who are unable to fight for themselves. Thank You for the mighty weapons of the Spirit and for the knowledge that ultimately the battle is not ours, but Yours. Amen.
