

Where Is the River of Revival Taking Us?

✖ This season of the outpouring of the Spirit is bringing with it exciting new glimpses of the kingdom. With that comes a renewed passion to know God and to make Him known. As we enjoy the freedom to swim in the river of our Lord's presence, we sense a greater power and authority to pursue His purposes. Personal renewal fuels our desire for fruitfulness in preparation for the coming harvest.

Heart Issue

The Christian experience is inherently fluid—full of change and movement—like a river. The process of renewal exposes us to challenging new dimensions of spiritual power, truth and refreshing. You know when you're in the flow of God's river. If you aren't, just ask, and God will refresh you with His presence. Why would you miss this hour of visitation?

Prayer Focus

Father, thank You for visiting us with the refreshing waters of Your Spirit. We would never choose to return to the dry season we knew before this time of refreshing. We are so very grateful for what we've seen. But now, we want more. Make us Your wellsprings. Let the rivers of renewal overflow every obstacle, and draw every thirsty one to Your stream. Amen.
