

Gabe Ahn Urges Intercession, Says North Korea Peace Talks Are a Sign From God

Gabe Ahn, pastor of HRock Church in Pasadena, California, said the recent peaceful overtures from North Korea were a sign from God during a recent sermon. He said, "It's time to discern the seasons and the times, guys. This is not something that we're to let just blow by." Ahn says four generations, including his great-grandmother, have been interceding for the unification of Korea. In this video, he passionately pleads for Christians to press into the throne room during this crucial season.
