

Greg Laurie: What Happens When Christians Pray Together

Note: Greg Laurie's sermon starts at the 36:20 mark of the video.

Is there something in your life that God is calling you to do? Or maybe God's will is calling you AWAY from something?

This is what the Bible talks about when it says we need to put off the old man and put on the new man. Putting God's will first in your life and pursuing that will lead you to the purpose and joy you are looking for in this life.

Application

1. The prayer that has power is the one that is offered to God.

- The key is to get our will in alignment with God's will.
- We can know the will of God by careful study of Scripture.
- Nothing lies outside the reach of prayer except that which lies outside the will of God.

2. They prayed with passion and persistence.

- Sometimes God says "Go."
- Sometimes God says "Slow."
- Sometimes God says "Grow."

3. They prayed together.

- There is power in united prayer.
- "Prayer is striking the winning blow; service is gathering up the results."

3. They prayed doubtfully.

- We enter into eternity!
- We decide in this life where we will spend the afterlife.
