

How God Prepared Me to Battle the Coronavirus Before It Happened

As I look back over the past two months, I can see clearly how God prepared me—and used me to help prepare many others in the body of Christ—to battle the coronavirus.

God not only works all things together for our good, but He drops breadcrumbs along our path. When we hunger and thirst after Him and follow His leadership, we find safety in the midst of a storm.

How God worked to prepare me is a story too long to tell in words, but this video sums it up. Rest assured God is helping you in the midst of this pandemic.

Rest in His goodness. Rest in His love. Rest in His mercy.
