

How God's Miracle-Working Power Is Still Alive Today

Apostle Sonny Lara has an incredible testimony of how the Lord literally broke his prison chains and set him free so he can make the name of the Lord famous. A recent episode of *Revival Lifestyle with Isaiah Saldivar* on the Charisma Podcast Network will encourage you to see the miraculous way God is working in your life as well.

Through Lara's powerful testimony, host Isaiah Saldivar concludes that "we as the body of Christ have settled for such a low, weak, powerless man-made Jesus that we don't even recognize the God of the Bible." He says, "We don't even recognize that unusual signs, unusual miracles and the power of God is supposed to be normal in our everyday life."

But the power of God is moving, Lara says, if we will only recognize it. And that's exactly what Lara prays to happen in our culture.

Lara speaks prophetically over listeners: "God has anointed you with ... the power of God to make Satan run.

"Get out there and be Jesus's feet, get out there and be His hands, get out there and be His mouthpiece.

"God wants to open that deaf ear right now. God wants to heal paralysis right now. God wants to kill any cancer in your body right now; God wants to shrink those tumors to nothing right now.

"It's the time of the believers to get out there and start believing God and God will start working through you. ... [the] God [that] raises the dead wants to work through you."
