

How This Spirit-Filled Ministry Is Celebrating Christmas This Year

Evangelist Morris Cerullo's ministry has completed its move to the new Legacy International Center in the Mission Valley neighborhood of San Diego, California, according to a new video. Now the ministry is reportedly focused on finalizing a new multimedia celebration that will hopefully bring the joy of the Christmas season to its new neighbors.

Regarding Christmas, Cerullo remarks in the video, "It's a season like no other season because it gives us a time to forget the past and it gives us a time to look forward to the future and to fill ourselves with expectancy that's new."

Christmas City USA opens Saturday, Dec. 14 in San Diego, California. Watch the video for more details.
