

Issachar Seers Are Rising—Are You One of Them?

We often talk about the Issachar prophets, but Issachar seers are rising up as well.

1 Chronicles 12:32 speaks of “the sons of Issachar, those having understanding of times and what Israel should do.”

The Hebrew word for “understanding” in this verse is *yada*. According to *The KJV Old Testament Hebrew Lexicon*, it means to know, to perceive and see, find out and discern. Sounds very prophetic to me!
