

Jentezen Franklin, Banning Liebscher and Jesus Culture Part of Profound Summer Experience

Coming up June 28-30, Free Chapel will host the fourteenth annual Forward Conference at the Infinite Energy Arena in Duluth, Georgia. Thirteen thousand students from all over the world will attend. The event includes award-winning artists and world-renowned speakers with sessions offering a wide variety of games, music and inspirational messages.

The conference features notable Christian artists such as Hillsong Young and Free, Jesus Culture, Elevation Worship and Free Chapel Music. Speakers this year include Jentezen Franklin, Laura Toggs, Banning Liebscher, Brock Byrd, Ben Prescott, Reggie Dabbs and Jake Fouquier. Sy Rogers, a leading voice on sexuality, cultural themes and God's character will also be featured and will speak on his own unique life story.

"With the ever-increasing flood of influences luring our young people further away from the God who has created them and loves them deeply, weekends like Forward Conference are making space for the next generation to reconnect to their identity in Christ, empowering them as leaders and igniting a passion for Jesus," says Jentezen Franklin.

The event is nearly sold out, but there's still a chance to be a part of the exciting weekend. Visit [to find out more information and to register.](#)
