

Jentezen Franklin: COVID-19 Won't Last Long; God Commands Christians to Heal Sick

Pastor Jentezen Franklin says the coronavirus isn't going to last long because God commanded us to heal the sick. This time is just one in which God is teaching His people what it's like to have church at home.

"I know this [coronavirus] isn't going to last long, because Jesus commanded us to lay hands on the sick and the hurting, and they would recover," Franklin says. "We're coming to an end of this thing, and it's going to be all right. I don't have a message of gloom and doom; I have a message of victory. Jesus is alive. I believe we're going to see a resurrection in this nation, in the world, in the church and in the body of Christ."

"What God is doing is He's just brought us back to the basics. He said, 'I want you to get back to having church in your home.'"
