In theaters across America last night, thousands flocked to be the first to see the astonishing movie, *The Harbingers of Things to Come*—from *New York Times* bestselling author Jonathan Cahn—which topped charts as the second-highest grossing film.

Worldwide, Cahn—author of *The Harbinger*, *The Harbinger II—The Return*, *The Oracle*, *The Book of Mysteries* and other critically acclaimed books—is getting ready for the motion picture's second opening of *The Harbingers of Things to Come* on May 19. This riveting feature film based on Jonathan Cahn's bestselling and brilliant successes with *The Harbinger series* reveals the ancient mysteries that lie behind what is happening in America and the world today—and in the future.

"We are witnessing America rapidly accelerating away from God," Cahn says. "The messages of *The Harbingers* are prophetic revelations and warnings for God's people to know what's happening, where we are going and where we are."

The movie addresses riveting themes such as: Could COVID-19, 9/11, the financial collapse and other shakings all be part of an ancient mystery? Are the shakings that have come upon the world a sign or a warning of things to come? Is that ancient mystery determining the events of our time, and does it reveal the secrets of the future?

From the shores of New England to the steps of the Supreme Court; to a boat on the Hudson River; to the pedestal of the Statue of Liberty, Cahn explored the ancient mystery behind the events shaking America and the world. One thing is

certain: Audiences will never see the world the same way again.
