

Joyce Meyer: My 2-Year-Old Great-Grandson Supernaturally Healed His Mother

Joyce Meyer says her 2-year-old great-grandson, Jeremiah, prayed for healing for his mother's back pain, and she was healed.

"My great-grandson who's 2, his mother's back was hurting really bad," Meyer says. "... She was hurting so bad [that] she was laying on the bed crying. And he went up to her. Jeremiah, [who is] 2 years old, put his hand on her, said, 'Jesus, Mommy, ouchie, amen'; and her back quit hurting!"

Meyer used it as an example of the importance of having faith like a child.

"Stop trying to get hold of God with your head," Meyer says. "It's a heart thing. You got to see what's in your heart. As soon as you get into reasoning, you're going to have trouble believing. You need to come like a little child."
