

June Prophecy: Run to the Battle Line

In this season, the word of the Lord is: Run to the battle line.

Run to the battle line. Run to the war. Don't run away from the fight—run into it. It's been said there's a reason why our armor doesn't cover our backside—because we're to face demon powers toe to toe rather than fleeing in fear.

When it comes to David's famed battle against Goliath, we see him running to the battle three times. The first run was when his father, Jesse, told him to carry food to his brothers at the battle line. When he arrived on the scene, he heard the war cry.
