

Katie Torwalt Performs New Song 'Gold' About Revival

Jesus Culture released a new song called "Gold" about resting in Jesus' presence, which leads to revival. It only takes one person to begin a mass revival. Some of the lyrics Katie Torwalt sings are:

"Oh God, come with revival/ You can start it in me."

"What gold has to go through to become what it is, is being put in fire, there's pressure, there's heat, there's refinement," Torwalt says. "That's what this song really is: that prayer of, 'Refine us, God, so that we can be a vessel to use, that we can be an offering to You and start that revival in us again. Bring it back to simplicity.'"
