

Kim Clement Prophecies: A Volcanic Eruption, Signs In Summer, Exposure and 'Falls in the Fall'

Kim Clement prophesied volcanic eruptions, signs in summer, falls in fall and even more during a prophetic worship session recorded in June 2014.

"Today I will expose and reveal, for you have entered into a time and a season of undercover and I will bring out from the covers, the truth, for there have been too many lies, one lie after another," Clement prophesied.

Given the multiple deadly volcanic eruptions, multiple pastoral and Hollywood fallings and recent political turmoil, this prophecy seems to hit the nail on the head.
