

Lance Wallnau: A Veil of Jezebel Witchcraft Has Fallen Over America

Lance Wallnau says the far left owns about 95% of the media and the majority of what they tell you is lies. But could this deception be rooted in spiritual warfare?

"I believe America is in a Jezebel witchcraft, meaning that there's a witchcraft veil over the minds of the masses perpetuated by the false prophecies coming through the media mountain," Wallnau says on *The Jim Bakker Show*. "There [are] your prophets of Baal, and they are speaking, constantly, lies."

But Wallnau believes God isn't finished with America yet.

"I believe there is a prophetic—almost an Elijah-like—mantle that God is going to be putting on people who will be bold and courageous," he says.
