

Lance Wallnau: Donald Trump Is Stage 3 of a 5-Stage Prophetic Battle for America

Lance Wallnau says we're in the middle of a prophetic battle for Western civilization.

"The fact that the church doesn't know its own prophetic timeline is shocking," Wallnau says on *The Jim Bakker Show*.

He says there are five stages in the battle to recover America:

"Trump is stage 3, and we're hitting the fourth one right now. ... God has what's called boundary markers prophetically in history."

He says one boundary marker took place on the day Billy Graham visited the Capitol, which also happened to be same day as the Feast of Purim.
