

Mass Baptism Sets Record for Most Baptisms Ever in Thailand

On October 6, 630 people were baptized in one service at Thailand. According to a Reach a Village video—posted to YouTube Wednesday by Dwight Martin—that makes it “the largest baptism event ever held among the Thai people.”

The baptisms are the result of a church-planting movement focused on discipleship and church planting, which has led to 13,432 confessions of faith, 5,204 baptisms and 516 house churches in the last two years. The movement is affiliated with the Free in Jesus Christ Church Association, according to the video.

Watch the video to see the baptism event in action, and for more information, visit the official website.
