

‘Nineveh Warning’: An Urgent Prophetic Dream About the Fight for Life

Author’s Note: Lou Engle gave permission to release this word.

I recently had a prophetic dream where I was taken up to an elevated position over the United States and saw the word, “Nineveh” written over the landscape of the nation. I then was immediately taken into a large courtroom that was filled with all sorts of angelic beings. Many of them had beautifully colored wings while others had the features of humans, only taller in appearance. A gavel was suddenly slammed down in the courtroom and our attention was shifted to the case at hand.

The United States and Nineveh

A man in a suit quickly walked in carrying a brief case that had, “The Antichrist spirit” engraved on it. He approached the judge, and on the paper he handed to him was clearly written, “ABORTION.” It seemed as if the angelic beings in the courtroom began to be filled with wonder and curiosity. It seemed that they were waiting for the judge to make a ruling on the case so that they knew their assignments.

The judge began to speak out loud in the dream and this is what He said, “The destiny of the United States is hanging in the balance as in the days of Nineveh. I once pronounced judgment on Nineveh, and so I now pronounce judgment on the United States of America because they have tolerated the murder of My innocent ones for too long. However, I am sending my prophets in the likeness of Jonah from within and without. Yes, I am sending Jonahs from foreign nations that will confront the Antichrist spirit in the United States. Yes, I am also releasing My Jonahs from within the United States who will contend against the Antichrist spirit. Did Nineveh not

repent from her wickedness and My hand of judgment relent? Can the United States not repent from her wickedness and My hand of judgment relent concerning this issue of abortion? You must understand that there are many watchmen in the United States whom I have called to take a stand for life, and they have run from it just like Jonah. For this time and in these days, I shall call upon them once more!"

Lou Engle and the Gray/White Hairs

Immediately, the dream shifted to a morgue where I was taken inside of a room and waited for a body in a bag to come out. The body was wheeled out before me on a bed and the bag was unzipped. Underneath was the body of Lou Engle. He had a very long white beard and had the appearance of a young, physically fit man. I wept in the dream over Lou and shouted, "Lou, we need you! The womb of this nation needs you! The intercessors and the prophets need you! Judgment has been decreed upon the land as in the days of Nineveh, but the word of the Lord is that the judgment can be overturned! We must cry out for repentance and mercy in these days!"

Suddenly, one of the angelic beings who was in the courtroom earlier appeared with a gigantic golden key. The angel drove the key directly inside Lou's heart, and a bolt of lightning hit the room. Lou jumped off the table with a staff in his hands. He looked at me in the dream and said, "Jeremiah, I once as a young man called the Nazirites forth in this nation, but now as an older man, I will call forth the grandparents in this nation to fight for *life*!" (I felt instantly in the dream that there was a direct connection in the spirit realm to grandparents in the United States championing this issue of abortion in their last days. They in their 50s, 60s, 70s and 80s are carrying specific authority to do so.) Lou continued and said, "I once called upon the long-hairs (Nazirites), but now I will call upon the white- and gray-hairs" (grandparents/older generations).

The Fight for Life in the Black Community

The dream shifted yet again as I found myself in a sea of people as far as my eyes could see in Washington, D.C. Millions of Christians had gathered on the Mall in D.C. to fight for life. Lou took the stage with Will and Dehavilland Ford (African-American leaders), and they made a decree to everyone present in the nation. Will Ford declared, "Beyond political parties and racial affiliations, we will stand together for *life* in these days." I heard God immediately say to me in the dream, "The issue of abortion will divide the African-American race in the days ahead. Some will refuse to hear what I am saying, while others will be given a justice mandate as never before."

One last time, the dream shifted to a newspaper article highlighting an African-American woman who was raised up in politics in the years ahead that would force the black community to choose between life in the womb or political party affiliation and race.

I heard God say, "You have been warned, America. What will you do with the judgment of Nineveh upon your nation? Will you fight for life and see mercy fall upon you, or will you remain silent and watch as great destruction and economic collapse fall upon your land?"

Then I woke up. {eoa}
