

Nurturing Prophetic Children in an Acts 2 Age

During a Facebook Live broadcast, the Lord spoke to me suddenly about prophetic children. I saw the eyes of children opening.

I exhorted that parents with children need to begin to teach them the principles of seeing in the spirit because they are going to begin to prophesy through dreams and visions.

I know instinctively this is going to start with dreams, but as you nurture them in the realm of dreams and teach them and show them and encourage them, they're going to begin to see visions.

In this video, I share that prophecy and offer some guidelines on nurturing prophetic children. {eo}
