

Overcoming the Shame of Abortion

Every one of us has known the reality of separation from God because of sin and shame. But the hope of the gospel is that God's mercy extends to anyone who will look to Him and accept His gift of salvation.

Abortion leaves in its wake devastated women. Millions of them today need to know that God still loves them and wants to make them whole.

READ: Job 11:13-19; Ps. 34:18; Ps. 51:1-17; Matt. 11:28-30; 1 John 1:9; 1 John 2:1-2.

HEART ISSUE: It's estimated that 43 percent of the women in America have undergone at least one abortion. If you know someone who has, let God burden your heart with a desire to see her restored to Him.

PRAYER FOCUS: Father, give us the heart and courage to participate with Your will in praying for an end to abortion in America and around the world. We pray for the hurting women who feel as though this act has left them so far from You. Reveal Yourself to them as the Father who wants to greet them with pardon, not judgment. Amen.
