

# **‘Phony Baloney’ Joe Biden Seals His Party’s True Identity**

On Wednesday, Presidential Democratic front-runner Joe Biden blamed President Trump for the recent mass shootings in Dayton and El Paso, accusing the president of embracing white nationalist extremism, thus inspiring deadly hate crimes. And get this, he accused Trump of unleashing “the deepest, darkest forces in our nation.”

Here’s his direct quote:

“We have a problem with this rising tide of white supremacy in America, and we have a president who encourages it and emboldens it. Indeed, we have a president with a toxic tongue who has publicly and unapologetically embraced the political strategy of hate, racism and division.”

Other mealy-mouth members of this party like Beto O’Rourke said that President Trump was a “racist” and had “a lot to do with what happened in El Paso yesterday.” Sen. Cory Booker joined in and was even more candid, saying, “Donald Trump is responsible for this.”

The extreme left is not only killing its own party and embarrassing our nation, but along with the mob, the ferocious five, led by incoming socialist Rep. Alexandria Ocasio-Cortez, are now burying their party. Biden has now joined them and sealed the party’s identity. Sensible Americans are seeing right through this.

This has got to be a joke, right? Or is it a nightmare?

Listen to the blame game these mocking monsters have unleashed in our nation during such a time of grieving and mourning for

the citizens of Dayton and El Paso, especially the families of those affected.

“It’s Trump’s fault.”

“He’s a white supremacist and a racist!”

“This is what toxic masculinity and a toxic worldview has done!”

Do you see how silly and utterly childish this sounds?

In a time when the nation needs strong leadership, we have voices dolling out hate speech and playing the blame game for clicks and ratings.

Instead, the party of perpetual rage has solved the mystery behind America’s violence and murderous acts: “It’s all Trump’s fault.”

The truth is that Satan is unleashing this dark and deadly assault on our nation and using Democratic presidential hopefuls to further divide our nation at such a critical time.

Of course, it’s intentional. It’s their strategy. It’s what they want. It’s pure madness and defies logic. But it is rooted in darkness executing spiritual warfare to destroy the nation.

They hate the America that many of us love. But the useful idiots keep listening to them and following them and parroting everything they say. (I’m not being mean or offensive, but in political jargon, a useful idiot is a derogatory term for a person perceived as propagandizing for a cause without fully comprehending the cause’s goals, and who is cynically used by the cause’s leaders.)

If this foolishness continues, the Democratic party will hang itself and could fade into insignificance and possibly give way to a third party in the near future. Unless the next

election is rigged, and lawlessness rules, their efforts will backfire, and Trump will easily win a second term. And all hell will break loose. Again. Only worse.

Our nation is now the divided states of America. The 2020 presidential election will be the election of a lifetime, and it will be a tumultuous decade.

Stay hidden in the Lord, my friends. Keep your peace. Walk in wisdom. Exalt truth and righteousness. Know that hatred, evil, strife and lawlessness will never cease until the King's return.

This world is not our home. His government will reign forever, but until then, let us pray and stand together for true revival and awakening in our land. Conditions are ripe, and it's not too late.

### **'The Hunt' Movie**

The film *The Hunt*, which has been described as a gory satire featuring actresses Hilary Swank and Betty Gilpin, follows a group of elites who stalk and murder conservatives in red states. The hunters are fueled by their hatred of the "MAGA-type" characters and their right-leaning positions.

The release date is listed as Sept. 27, 2019 by Universal Pictures.

At a time where Americans are raw with emotions about recent shootings, we don't need this. This movie should be banned in America. Violent hatred of a political group. Stirring the pot of more violence and hatred when this nation needs to come together.

Take a stand against this film.
