

Popular Megachurch Pastor Says Holy Spirit's Presence Is Bringing Amazing Miracles

Are you hungry to see God move in signs and wonders at your church?

HRock Church Founding Pastor Ché Ahn says he's seeing miracles and evidence of the supernatural—and all through the power of the Holy Spirit.

One of the miracles he shares happened when a girl approached him who was born blind in her right eye and suffered from scoliosis. Ahn says the Lord asked him to do something pretty strange.

"I felt like the Lord said, 'Lick your thumb and put it in her right eye.' So I obeyed the Holy Spirit."
